

“15”

The goal of “15” is see if you can place the numbers 1-9 on a grid that has 9 spaces to make all directions add up to 15 – diagonal, horizontal and vertical. You may only use a number once and ZERO is not included only numbers 1-9

GOOD LUCK

	15		15		15
15					15
15					15
15					15
	15		15		15
