

Head of Nails

The object of this puzzle is to balance 7 nails on the head of 1 nail.

First, layout 6 of the nails like this.

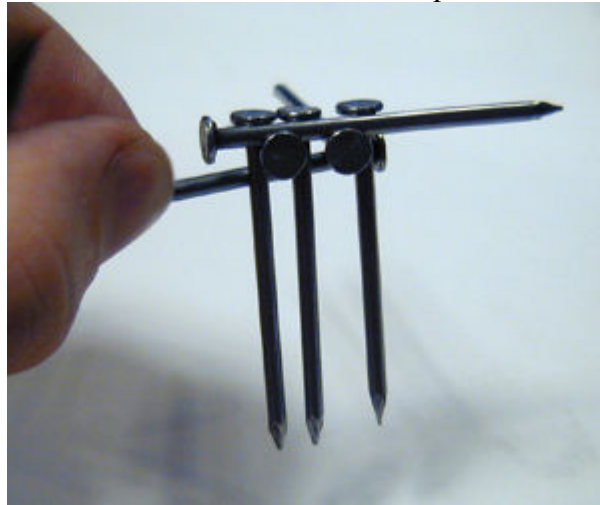

Place the 7th nail across the top between the heads of the 5 weaved nails.

Now, slowly pick up the entire bundle by the bottom nail. The heads of the weaved

nails should lock on the top nail.

Gently balance this bundle on the nail sticking out of the block of wood.
